

# PEDALS

**Gibraltar**

“The best pedal  
I’ve ever played-  
I’m so in love  
with it”

Matt Sorum  
(9711G-DB)  
Guns & Roses  
The Cult  
Velvet Revolver  
Kings of Chaos

The revolutionary G-Class pedal. The ideal blend of power, speed and style, the G-Class is loaded with innovative controls and adjustments. Players are able to easily customize the pedal’s geometry and torque to suit every nuance and detail of their playing preferences.

Features include:

- Tool-less spring tension adjustment
- G-Drive, dual position drive cam
- Magnetic variable weight beater
- Helix single motion hoop mount
- Fast touch ‘G’ pedal board
- Cast foundation plate
- Backpack case

**9711G-S**

The G-Class double bass pedal - the natural next step in the G-Class revolution.

Featuring all the innovative controls and adjustments of the 9711-G, now in the popular double bass format. Includes hardened steel U-joints and a fully adjustable aluminum connector bar.

The G-Class double pedal is also available in a ‘lefty’ model: 9711G-LFTDB
