A solid throne base
with clamping spindle
height adjustments
and memory lock.
Also, Gibraltar's
exclusive
Super Foot
for solid
support

 Gibraltar

Comfort and Control

9608-RW2T

Gibraltar web top thrones offer players cool comfort with a breathable, nylon web surface and a unique textured “hugger” pad. Both dual surface thrones feature memory foam and thigh cutouts for comfort and less “grab” around the legs while playing. The non-slip hugger pad keeps your butt centered while you deliver the goods. Available in oversized Moto and round styles, with durable construction and stitched color logo

9608-MW2T

Featuring:
A solid throne base with clamping spindle height adjustments and memory lock. Also, Gibraltar's exclusive Super Foot for solid support

9608-RSG

Plush Top Class & Comfort

The 9000 series plush top thrones feature a velvety-smooth cordura surface material over a comfortable memory foam body. The 13" x 3.5" round seat is complimented by two attractive side panel options: satin grey or silver white sparkle finish. Durable upholstery-stitched construction and embroidered color Gibraltar logo.

Featuring:
A solid throne base with clamping spindle height adjustments and memory lock. Also, Gibraltar's exclusive Super Foot for solid support

The Archetype

The 6000 series thrones by Gibraltar set the bar as the comfortable, all-purpose workhorse seat for drummers, keyboardists, guitar players, etc. Offered in either Moto style, or round seat, with upholstery-stitched construction and silkscreened color logo. Both styles come in two color options: satin grey or silver white sparkle finish. All 6000 series thrones feature a durable, double-braced base & memory locks. Height adjustable from 18" to 24"
